OSDS Coordinator

MR. Froilan C. Clerigo
MIS Coordinator

Good day!

As part of our upcoming Clean-Up Drive in celebration of the theme “International Day for Biological Diversity,” scheduled on May 18, 2026, we would like to respectfully request the provision/use of cleaning equipment and materials to help make the activity successful.

The requested materials will provide valuable support to our volunteers and participants as they work together to promote cleanliness, proper waste management, and environmental awareness within the community.

We sincerely hope for your kind support and consideration regarding this request. Your contribution will play an important role in the success of the clean-up drive and in encouraging a cleaner, healthier, and more environmentally responsible community.

Thank you very much, and we look forward to your positive response.

Sincerely,

Alexander James A. Reyes
President,
BSIT-4D
